

Put your working capital to work with Cash Management!

One of the keys to success in business is being efficient - with your time and your money. Cash Management from Texas Bank, provides structured, automated tools that give you maximum flexibility to help manage your company's funds efficiently and profitably. Because these services are so easy to use, you can focus on growing your business and let Texas Bank handle the details.

Here are just some of the things you can do with Cash Management from Texas Bank:

ACH Origination

Your company can make electronic payments and collections, such as payroll, accounts payable, business-to-business transactions, and accounts receivable, through the ACH system. This service tremendously reduces the time and expense of issuing, receiving, posting and reconciling checks.

Electronic Business Banking

With our electronic banking service, you can enjoy the convenience of banking when and where you want and take full control of your business finances. View account balances, transfer funds, request stop payments, and so much more - all with a few simple clicks.

Wire Transfers

With the completion of a simple on-line form, you can quickly and easily originate one-time or recurring wire transfers via our secure wire room.
